Dear Hiring Manager,

Thank you for the opportunity to apply for the Frontend Engineer role at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am an adaptable professional who has been consistently praised as hard-working by my co-workers and management. Over the course of the last couple years, I've developed a skill set directly relevant to the Front End Engineer role you are hiring for, including React and JavaScript. Overall, I have consistently demonstrated problem-solving, teamwork and communication abilities in every aspect of my previous roles including my concierge role at Douglas Elliman. I invite you to review my detailed achievements in the attached resume.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me at (917) 494-1294 or via email at justin.alx.miller@gmail.com to arrange for a convenient meeting time. During our meeting I will be happy to explain in detail the work experience gap on my resume, at which time I was involved in an extended job search after being laid off due to the Covid-19 pandemic

Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely,
Justin Miller
